

Istruzioni di montaggio per tende a rullo con cassonetto

Sistema con cassonetto in PVC, guide laterali,
montaggio sull'anta della finestra
(non invasivo, incollato)

Avvertimento:

Le cordicelle, catene e cinghie liberamente appese possono essere pericolose per i bambini piccoli. Questi elementi possono avvolgersi intorno al collo. Per evitare il rischio di strangolamento, raccomandiamo di tenerli fuori dalla portata dei bambini. Di conseguenza, lettini, culle e mobili devono essere tenuti lontani dai cordini di controllo.
